## Reorganization L&N Pledges Canvass, Parade Slated Plans Outlined Collect Calls Get Out Vote A complete 200-bet experts Wednesday Plans Pushed To Gulfport

The railroad passenger service problem created in Bay St. Louis by the discontinuance of two agent operators and the limited ticket office hours brought three top officials of the L and N Railroad here Wednesday afternoon. They met with Mayor John Scafide in response to a recent letter from City Council to the president of L&N.

I. W. Newman, district superintendent from Mobile; F. W. Kirchner, superintendent of transportation from Louisville, and W. G. McGown, assistant superintendent of transportation, asserted reappointment of the two operators was out of the question, and that the single agent would be retained.

They did, however, allow one concession, which is to be confirmed by mail at the end of the week. They intend to make possible long distance collect calls to the Gulfport depot from Bay St. Louis, in the event that local citizens want to inquire about train time-tables, ticket costs, etc., after hours at the local

Kirchner said that the agents at Gulfport will be instructed to accept any such calls which come mrough after established station hours at the local depot.

Mayor Scafide added that they also skimmed other plans which will make this arrangement less (Contd. on Page 4-1.)

Late word from Sue Breath, Miss Bay St. Louis, who this week is in Vicksburg competing in the Miss Mississippi pageant is, "I'm so thrilled and happy over all the worm wishes I have been

receiving from Bay St. Louis." The statuesque brunette beauty, daughter of Mr. and Mrs. Charles A. Breath, abvicusly was referring to the deluge of congratulatory telegrams-some 91 actual count by Mrs. Charles A. Bouis, ir manager of the local Western Union-which have been

Mrs. Bouis told the Echo Wednesday she had received a telegram from Vicksburg saying Sue's file was outstanding.

Competition began in earnest last night and will end Saturday when Miss Pat McRaney, current title-holder, crowns her successor who will take Mississippi's hope again to the Miss America Pageant next month in Aglantic City.

The 53 contestants are being judged on beauty, talent, intelligence, poise, charm and a myriad of other facets.

#### Registration, Poll Tax Law Cited for Vote

Electors who can vote in the BAWI bond election Aug. 12 mus have registered in the city and in the county by April 12 and must have paid poll taxes for 1960 and 1961 on or before Fab 1, according to Commissioner Cyril Glover, On this point th Echo's story last week was in

correct. Glover also said that while presenting poll tax receipts is no required, those who paid for bot years at the same time might have

difficulty without the receipts
He estimated there were 172 qualified voters in Bay St. Louis Of this number, in order to aut rize the bond issue, a majorit must vote with two-thirds of thos participating voting aye.

## Waveland Supports Bay's Bond Issue

Tuesday showed its interest in the Bay St. Louis BAWI bond issue referendum on Aug. 12 by unanimously authorizing an advertisement urging voters in the adjoining municipality to authorize the bond issue thus paving the way for movement of Indusrrial Electric's enamelling divi-

sion to that city. On the basis of Secretary C. O. Dufour's financial report, which was approved, Waveland's operating funds appear more than adequate to carry the town through fiscal 1961. As of July 31. the town fund showed a balance of \$1,556.33 and the municipal aid fund had a balance of \$1,612.71, while as of July 20 the gas and water system had

## \$1,000 Question

In last week's paper the Echo appears to have stirred up a bornet's nest. We didn't intend to, but--. It has resulted from our editorial entitled "Say Why", which in essence urged those spending public funds to make clear to the public their teason, or reasons, for buying something at a higher price when another outwardly equally good make was less expensive. We think the advice given was correct.

The illustration we used was the recent purchase of two chassis with certain additional equipment for school buses by the county board of education. That board authorized the burchase of the two chassis for \$3,695 each at their meeting on July 17. The Echo's reporter covering this meeting understood this was the low bid, as apparently did some of the board's members. On the following Vednesday this editor learned that a bid for a different make chass a, fulfilling all the specifications and recognized as the equal by the State of Mississippi's laws and regulations, had been submitted and was more than \$600 less per unit. This bid, including this extra equipment, was for \$3,032.85 per unit. It also was subnitted by a Hancock County firm.

At last Saturday's meeting of the school board mutterings were overheard by our reporter to the effect that this paper wasn't accumate in its facts and why didn't we stay out of this business and, apparently, why didn't the publisher "go back to Georgia."

How the mixup occurred we don't know. Who's at fault, if inyone, we don't know. Our opinion of the members of the county school board makes us pretty certain that they did not mowingly accept the higher bid. We also know that the imblication at last Saturday's meeting that this paper is sometow at fault is on its face foolish. Furthermore, where we get bur information, as long as it is correct, makes no difference. ong ago in other communities we learned that the "official" elease is not always accumte, and Hancock County at best anks as average in this respect.

While we don't know what caused the mixup we do have ome suspicions as to how it occurred, but so what? After all the "sound and fury" dies down, the result is the same. The expayers of Hancock County, whose county general fund is epleted and whose school system owes more money to the county than it can currently anticipate, spent more than a housand extra dollars, that they didn't have, for two school

As a result of the "sound and fury" last Saturday we now must to know who IS at fault and what, if anything, is going be done about it. Perhaps at their meeting Monday the Hanock County School Board will get to the bottom of this thousad dollar mystery.

If sometimes we in Hancock County worry about the fininces of some of our public bodies, a look at the nearby city of Pascagoula might brighten our faces. That city in that broke with a backlog of \$140,000 in unpaid bills, which is about one-third of the city's income for this fiscal year. ts police force is getting a forced two-week vacation withbut pay in rotation and those working will be on 12 hour shifts instead of eight. Some 48 other employes have been tropped from the payroll.

On the other hand maybe this horrible emmple should be warning to us.

In last week's from page editorial a typographical error ras made. It is easy to understand how the phrase was mitted. In urging people to vote on Aug. 12 the editorial as minted said: "Vote, see that your employers and your emloyes vote and vote YES". It should have read "Vote, see hat your friends and enemies, your employers and employes ete and vice YES." Not much difference, but as this proposal for your community's good get everyone to agree with you tis time, and vote YES.

A dairy barn at the rear of the Leo Bermond home at 435 Ballestine St., burned shortly after I a.m. Menday.

Fireman Walter Saucier reported he answered the call at 1:06 a.m. but that by the time he and volunteers reached the scene the fire was too far underway to be extinguished. The firefighters stayed at the site for short three hours.

Damage to the barn was total but none was reported to the home.

Most prescriptions are now pre-compounded and our problems are chiefly to have them in stock, check their dosage and make certain we dispense exactly what is prescribed.

But, many physicians still prescribe their own specific formulaes and pharmaceutical skill is required to prepare such lotions, ointments, capsules.

We will appreciate the opportunity of compounding these more difficult prescriptions that require more time and technical ability.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound

The Knights of Columbus five times in the third and five moved into a fourth place tie with Kiln Youth Center Wednesday night when they came from behind to edge Krankey 13-12 in the middle game of a tripleheader. Trapani defeated Kiln Youth Center 3-0 in the opener to set up the deadlock, and Coast Electric missed a chance to make it a three-way tie by losing 16-4

to Reinike's Dirt Dobbers. Kiln Youth Center will play the KCs Friday night to determine the fourth place champion

and playoff participant. Claude Yarborough pitched his third shutout of the year for Trapani, allowing only seven hits. Alton Ladner gave Trapani only nine hits, but was charged with the loss. The win ended Trapani's regular season with a perfect 14-0 slate, two victories over each team.

The KDs took an early 6-0 lead over Krankey, scoring one in the first and five in the second. Krankey came back, with score Bay Clubs Beat

Logtown Outfits Summy Signs and Coast Electric both won victories over Logtown clubs in exhibition games over the past week.

Summy got a scarefrom Logtown's 13-15 club, but scored two runs in the seventh and final inning to post a 6-5 victory last Thursday. Ned Heath was the winning pitcher.

Coast Electric defeated Logtown's junior team 18-4 Wednesday afternoon. Monti Rhodes hit two home runs, and David rial Hospital, Gulfport, weighing Compretta and M. J. Rhodes each

Reinike spoiled all hopes of Coast Electric's making the playoffs. The Dirt Dobbers banged 21 hits off Coast Electric pitcher Cecil Ladner, Buck Kimball's grand-slam home run featured the attack, Charles Breland also had a home run for Coast Elec-

singled, and in trying to stretch the base hit, worked his way out of two rundown plays and came on to score.

Leading off the last of the fourth, Mark Cullen drilled a base hit between the right and centerfielders and came all the very around the bases. Starting pitcher Kstapa then filt his blast deep to leftcenterfield to end the ball game, his second homer of the day.

It was the sixth victory in seven games against the Oilers for the Little Pennies, and the fourth in a row.

#### Little League Net Tourneys Are Planned

Plans are being made for an all-day Little League tournament later this month, announced Mrs. Theo Tudury, chairman of the Parks and Playgrounds Commis-

It probably be on a Sunday and will mark the conclusion of the Little League season. Teams in all age brackets will participate with trophies for the most valuable players, team trophies, and other awards.

Mrs. Tudury also reported tennis classes are continuing and a tennis tournament will be staged later this month, when trophies to outstanding players will be awarded.

Tuesday night, the Scoops again were held close for the first part of the game, but exploded for five runs in the fifth inning and won an 8-3 victory over last-place Youth Center. The big blow in the fifth came when with two on, outfielder Paul Pursley doubled into left-centerfield, and came all the way around to score when the ball got past the out-

The Scoops had taken a 2-0 lead in the top of the second, but Youth Center came back with two unearned runs in the third to even the score. Youth Center missed a good chance in the fourth, when they put two runners on with nobody out only to see them stranded, and this seemed to put new life into the Scoops. They scored once in the sixth to make the score 8-2 while Youth Center scored their final tally in the

seventh. Danny Henry again went the route for the Scoops. Gary Noto started for Youth Center but needed relief in the fifth from Leslie Blaize.

The only other game scheduled during the past week was between Youth Center and Summy Signs and resulted in an automatic forfeit win for Summy when Youth Center could not field a team.

## Return to the Bay Seems Like 2 Hours, Not Years

Ensign Nellie Forbush tried but failed to wash that man right out of her hair.

Hah. . If she thinks she had a problem, I t her try washing Bay St. Louis out of her heart. We never tried.

Perhaps because of the magic mullet we sampled over two years ago, shortly before going off to the Old Dominion, w were back last week for a whirlwind stay in this tiny cosmopolis of the South.

But it wasn't the mullet-tasty as it was-that lured us back to Bay St. Louis. Dreams aren't made of boneless fish. They are made of people and places, both of which evoke some random thoughts on Bay St. Louis-then Places first, because they are

background for the people. Not even a place yet, but we hope destined to be one, is the proposed small enamelling industry. It was reassuring but not surprising to see the local support for the bond issue Aug. A treat to a television set may be obtained by paying a 12. The VBI campaign brought back memories of the nucleus of moderate rental charge for a civic minded businessmen who started the concerted push for a ing Mrs. A. J. #### Seen At The Rodeo

A few of the many enjoying this event were Zellie and Le Ferrell and me children, the Paul Moranos, Col. and Mrs. Marcel Gillis, Grace and Sam Bordages with Debbie, Tommy and Lisa, Wolfie and Ray Bordages, Juanita Struber, the Mayfields. . . Dot, Jun and the boys-(and guess who won the pony given away Saturday night, the Mayfields, of course. . . giving the whole thing a Coals to Newcastle angle-Dot needed more horseflesh like a hole in the head, but little George is jubilant); the Zimmermans, Severly, Billy and family, Laura and Red Hunter and Dianne and on an on-it would probably be easier to mention the ones who didn't attend, for they were few and for between. . . Claire Bourgeois perhaps be a summed up the reactions of all who were there, by stating that she could some back the following night and see it over again!

#### It's Parish Fair Time

This weekend will be another excitement packed three days. The fish fry as the Parish Hall Friday night will officially open St. Clare's annual church fair-the actual fair will be on the church grounds Saturday night and Sunday afternoon, Members of the Holy Name Society announce the dance originally planned at the parish hall on Aug. 19, HAS BEEN POSTPONED until date to be announced later, due to conflicting activities.

We are very sorry to hear that Michael Ruppel suffered another attack Menday afternoon and is confined to Hancock General Hespital. .

Ann Shippey has news of a more cheerful nature. Her mother, Mrs. Francis Quinn of Breoklyn, N. Y. now visiting Ann at her home on Terrace, hed a severe leg infection which is much improved; and daughter Barbara and Jimmy Landry's small son, while still delicate following his premature birth, is well on the way to catching up with full term infants. Rae Rasmussen, her fractured ankle almost healed, is up and around once more.

#### Food Fit for a King

Gladys Baxter, Louise Becker, Margie Kemph, Shirl y Hawkins, Beulah Peterson, Edith Dantagnan, Mabel Brown, Irene Vogt Graff (who, incidentally is visiting her father, Charlie Vogt) Belle Peterson, Veva Smith, Doris Vogt, Bebbie Bankston, Helen Bordages, Gerri Blanchard, Ruble Bordages, Alma Schmertz, Florence Foegele, Annabel Proctor, Ann Hutchinson, Rae Rasmussen, Rae Cope, Rose Richmond, Esther Hansen and Gloria Peterson wer the 'gals' enjoying a 'for women only' party at Gert Rebertson's pool last Wednesday. . . The affair, an old fashioned box lunch picnic, featured such delicacies as fried and broiled chicken, potato salad, bakedbeans, okra salad, deviled eggs, stuffed tomatoes and bell peppers, rolls, a delicious real home-made cake prepared by Ruble Bordages and a variety of liquid refreshments-I frankly haven't seen that much food since attending a Methodist Missionary Society lunch more years ago than I care to mention!

#### Visitors Keep Coming

Sara and Lawrence Colby have been busy entertaining a houseful of guests. Sara's brother Roy Leachman and her nephew, Joe Leachman, accompanied by their respective girl friends all of Monroe, La, visited them last weekend. Her daughter, Shirley and husband George Mangum and children, Sara and Timmy arrived Saturday. . . they've been making their home in San Angelo, Tex. and are now enroute to the Philippines. . . George leaves for his new station next week. Shirley and the children will remain in Waveland until he makes housing arrangements for them.

Gertrude Robertson's pool party Wednesday of last week was lovely affair. Everyone arrived in swim suit under sports outfits, bearing all kinds of good things to imbibe. . Louise Becker, wearing white canvas gloves (with painted red fingernails) placed the bake pars and casseroles of fried chicken, stuffed bell peppers, bated beans, baked corn (fresh off the cob), stuffed tomatoes down the center of the long refectory table; help rs placed three kinds potato salad, green vegetable salad, pickles, olives etc. and one Ruble Bordages' luscious date cakes about the edges -- a sumptous

est everyone enjoyed. There were so many colorful and glamorous swim togs I could describe all, but, one of the MOST was Shirley Hawkins' black gold jacket, sandals to match, and very wide gold framed dark Mrs. H. E. Baxter's white high-crown sunhat was most berating to her, and no one but Polly Peer's slender figure could have sown off the Batik brief top, pour-bottomed swim suit so advanta-

Weekend on the Shane

The William Schaffers of New Orleans and Bordages St. spent July 22 week end as guests of Mr. and Mrs. Gaspar Berssetta poard the Quarter Boat Shane on Nine Mile Bayou. The Shane is headquarters of the Louisiana Rod and Gun Club. Other guests were Mr. and Mrs. Ed. Duffy of New Orleans. Fishing was good-the caught 150 speckles. A note in my doorway Sunday urged me to attend the Catholic

Something New

"It's the most peculiar looking building along U. S. 90," we were told when hunting Bea Georgi's new shop. We found it--it wasi A peaked roof so high it slopes down almost to the ground -no side walls -- we wondered what held it up, but once inside decided it was the thousands of gifts on display.

Bea appears to have lost dozens of pounds, "On what diet?" asked Ruth Miller and I. "Hypnotism!" she replied! We are still wondering.

The William Tonglets' sparkling new paint job brightens up the whole neighborhood. They never cease working on "Tel-g-not" -Tonglet spelled backward, . . Lillian Rieker, back from Florida with a beautiful suntan, and I were invited by the Bill Schaffer's to a charcoal broiled steak dinner Saturday night.

## MORE QUESTIONS AND ANSWERS ABOUT THE AUG. 12 BOND ISSUE

Question:

Where will the enameling plant be located? On Central Ave. (formerly known as Railroad Ave.) and South of Ballard Court. (Ed. Note - See sketch of location elsewhere in this paper.)

@ W@STTOM: I am a retired person — I like Bay St. Louis the way it is - why should I vote for this industry? You are like most all of us in that you like Bay St. Louis. This industry will help the community develop, help with the burden of taxes for schools, roads, public facilities, etc., and make our community a

QUESTION: I live in Waveland, so naturally, can't vote for this bond issue, but I realize it definitely is in the best interest of our City, too, - what can I do to help? A MS We C: We know the entire County will benefit by this plant coming to Bay St. Louis. All the citizens of the County are urged to talk it up! You and our other good neighbors are urged to contact your relatives and friends that do live and vote in Bay St. Louis and see to it that they go to the polls and vote YES on August 12.

QueSiiom: You say 90 to 100 people will be employed — I don't plan to work there - what's in it for me?

better place in which to live.

Answer: A survey made by the U. S. Chamber of Commerce recently shows that for each 100 new jobs created by an industry, the community can expect the follow-

A population increase of about 296 people.

An increase of about 112 more households.

About 51 more children enrolled in our schools. An increase in personal income of about \$590,000

for our people. A yearly increase in bank deposits of about \$270,000. About 107 more passenger cars placed on the tax

An increase of about 174 more workers employed in

the community. The opening of about four more retail establishments

within the community. A yearly increase in retail sales of about \$360,000.

About 186 more people attending and supporting the church of their choice.

We believe there's something in these statistics for everyonel

QUESTON: Why should the community construct a building for concern that certainly is capable and can afford the construction of its own plant?

AMSWET : It's good business — for both the community and Industrial Electric. It is an established fact that at lease one other South Mississippi city has offered this firm a FREE building site plus other concess sions to move there. Unless we offered something we couldn't expect to get the plant. By contract between Day St. Louis and Industrial Electric, the en tire cost of the land and building will be paid in yearly rental fees paid by Industrial Electric. This rental cost becomes an operating expense and is properly chargeable as such — thus providing some relief in the income taxes paid by the manufacturer a good business move on their part. Also - a manufacturer - like an individual - wants to be liked and likes to be wanted. He can prove to this manufacture er that we do like him and want his firm - VOTE and vote YES on Saturday, August 12th.

Question: What happens if Industrial Electric goes out of busi-

MSWET: The City would have to secure another tenant. How ever, the A. & I. woord requires a firm to have a net worth of at least 11/2 times the amount of the bond issue. In this case Industrial Electric has a networth many times the \$300,000 bond issue and will place precision machinery and equipment valued at approximately \$500,000 in this plant. Their entire operations are pledged in the contract with the city to meet the established rental fees necessary to pay off the en tire cost of land and building over a 25 year period.

Question: Do I understand the City is going to build a plant

Answer:

Definitely not! The City of Bay St. Louis will own the land and the building Industrial Electric, of which Mr. Brignac is President, will, by contract with the City, rent the building. The City will retain title to the land and building.

QUESTION: Who can vote and what vote determines if the propossl is approved?

Amswer: Any qualified voter of bay St. Louis is eligible vote. A majority of those qualified must go to the polls and vote and two thirds of those voting mus vote YES in order for the proposal to be approved.
